

BELLT PRESS 700 KG/H

Gross price:
122 110 €

Net price:
99 276 €

Fully automatic belt press designed for pressing juices from fruits and vegetables. Thanks to the closed housing, the machine is protected not only against dirt from the outside, but also against oxidation of juice and must. The fast and closed system makes your juice very fresh and tasty. Effective belt cleaning can be achieved using brushes and belt washing systems. A separate high-pressure washer and air compressor are needed to operate the system. The press can be disassembled to the basic frame for effective cleaning in just a few minutes!

Technical data:

- Rated capacity: 700 kg/h
- Power requirement: 1.5 kW, 400 V, 16 A
- Material: Wnr. Stainless steel 1.4301, AISI 304
- Weight: 890 kg
- Compressed air demand: 6 bar
- Water consumption in a high-pressure washer: 360 L/h
- IP65 electronic control cabinet
- Height assumption: 1200 mm +/- 30mm
- Juice outflow height: 370mm
- Pomace ejection height: 770mm

- Juice bowl pump connection height: 170 mm
- Dirty water connection: 40 mm
- Working width: 400mm
- Juice yield: up to 75%
- Automatic juice collection tray
