

FRUIT AND VEGETABLE WASHER, MM 3000

Gross price:
30 092 €

Net price:
24 465 €

The fruit is passed through the picking table into the washing container, where the first cleaning phase begins. With the help of the conveyor belt, the fruits are transported under a fresh water shower to the desired location for further processing.

Technical data:

- Rated output: 3000 kg/h
- Power requirement: 0.75 kW, 230 V, 16 A, 50 Hz
- Material: Wnr. 1.4301, AISI 304 stainless steel
- Weight: 150kg

Dimensions:

Length: 2800mm

Width: 750mm

Height: 2100mm

- Washing tank - Water capacity: 280 L
- Water requirement: 20-100 L/h (depending on the settings)
- Water connection: 1/2" quick coupling
- IP65 electrical circuit
- Machine complies with EU directives
- Minimal maintenance

- Belt speed infinitely adjustable
- Easy to handle
- Easy to clean
- Swivel castors with brakes
